

J. P. MORGAN

Will Soon be Called to Give Testimony

IN THE INSURANCE CASES

NOW BEING INVESTIGATED IN NEW YORK STATE

The Books of the Firm are Needed to Clear Up Some Syndicate Transactions.

New York, Sept. 29.—J. P. Morgan will certainly be called to testify before the Legislative Insurance Investigation committee and will be made to produce for the first time in open court the books of his firm.

Only through an investigation of the books of the firm of J. P. Morgan & Co. can the mystery surrounding the St. Louis Terminal bonds be fully cleared up by Charles E. Hughes, counsel for the committee. A demand for the production of the books containing the entry showing the memorandum of the contract for the purchase of the New York Life Insurance company of \$4,000,000 St. Louis Terminal bonds on September 8, 1902, was indignantly resented by George W. Perkins on the witness stand as a thing unheard of and not to be tolerated.

New York, Sept. 29.—Jacob H. Schiff, senior member of the firm of Kuhn, Loeb & Company, was a witness before the legislative insurance investigating committee this morning. Schiff was a former director of the Equitable Life Assurance society, but resigned when the directors of the society failed to adopt the H. C. Frick committee report. Schiff said he had been a director of the Equitable since late in 1893.

New York, Sept. 29.—Vice President Thomas A. Buckner of the New York Life Insurance company was a witness before the legislative committee. He detailed the advances made to agents and which were carried in the report to the state superintendent of insurance as "commuting renewal premiums." It was brought out as a matter of fact that these advances were loans, but were not carried as such. Mr. Buckner testified that advances were made to agents sometimes as inducements to leave other companies and enter the employ of the New York Life.

A situation of conflict in Buffalo in 1901 between the Equitable and the New York Life was brought out, and in order to get agents of the Equitable away from that company, liberal advances and liberal contracts were made by the New York Life. Mr. Buckner testified that these advances to agents in the Buffalo branch of the New York Life in 1902 alone exceeded by \$48,000 the amount really earned by these agents. Later Mr. Buckner acknowledged this was most extravagant and said in 1903 the amount was cut down by half and by half the remaining amount in 1904. A copy of a contract and a confidential letter to David H. Desbecker, of Buffalo, one of the agents in question, showing the inducements held out for him to enter the employ of the New York Life was read.

Henry R. Winthrop, of the Equitable, while on the stand presented the transfers of the stock of the Equitable at the time of its change of management and the directorate. Most of the transfers Mr. Winthrop was able to explain, but some he was not. At the time of these transfers Mr. Winthrop was the holder of 25 shares. He thought the actual owner was James H. Hyde, as he turned the checks for dividends over to Mr. Hyde.

G. W. Perkins vice president of the New York Life and member of the firm of J. P. Morgan and company, objected to producing the books of his firm showing a certain transaction of that firm with the New York Life. Mr. Perkins offered to present a copy of the entry in question from the books, but Mr. Hughes demanded the books after several refusals on the part of Mr. Perkins. The books will be produced on a later date. Mr. Perkins, asked concerning the difference in the statements of "net profits from securities" in the Massachusetts report of the company and of "net profits from securities" in the New York report said: "When we get national supervision we won't have these conflicts between the different states." Mr. Perkins testified to a number of transactions in which he represented Morgan & Co. as seller and the New York Life Insurance company as purchaser.

Fire of incendiary origin destroyed 50 horse stalls along the south fence of the Columbus driving park entailing a loss of about \$2,000.

BANKERS KILL PROPOSED LAW

Convention Goes on Record Against State Inspection.

COUNTRY BANKS ALL IN LINE

Officers Elected by the Association, Which Listens to an Address by Secretary Shaw Who Advocates a More Elastic Currency—Fatal Auto Accident at Lima—News of Ohio.

Cleveland, O., Sept. 29.—The proposed new banking law, fathered by the legislative committee of the Ohio Bankers' association, was tabled at the session of the bankers' convention. The majority of the bankers in the smaller cities and towns of the state are opposed to state examination and supervision and, whenever such a sentiment was expressed on the convention floor, it was received with loud applause. A resolution not endorsing the proposed law but declaring in favor of supervision and examination by the state was also tabled.

T. A. Stevens of Toledo, O., was elected president and Thomas H. Wilson of Cleveland vice president. Stacey B. Rankin of South Charleston was re-elected secretary, and J. R. Herbig of Coshocton, O., treasurer. Executive council: W. F. Hoffman, Columbus; J. Farrar of London and F. O. Kleeble of Cincinnati. Secretary of the Treasury Shaw addressed the convention, declaring for a more elastic currency.

A resolution calling for the repeal of the national bankruptcy act was adopted.

Leading bankers say that the coming legislature is certain to pass some kind of a banking code providing for a state banking department, and their hope was that, with the prestige of the association behind it, the proposed bill would go through, instead of one drawn by politicians.

Manslaughter Charged.

Cleveland, O., Sept. 29.—Mrs. Edith M. Bailey, wife of a wealthy manufacturer beneath whose automobile Joseph Broestle was fatally injured, was bound over to the grand jury on the charge of manslaughter. The accident occurred on the Superior street viaduct, Aug. 13. Mrs. Bailey was driving the machine. Broestle was crossing the street, and was struck by the automobile. He died next day.

McKinley Memorial.

Canton, O., Sept. 29.—The members of the executive committee of the McKinley National Memorial Association will meet here next Monday. All members of the committee have sent word that they expect to be present. The meeting is to fix the date for laying of the corner stone of the McKinley monument. The date will be early as the contractors are ready for the work.

Discharged; Used Dray Pin.

Cincinnati, O., Sept. 29.—Adam Yeager, a shipping clerk at the National Flag company's factory, was clubbed to death by James Eades, a discharged employe and his two sons in the factory yards. Eades was enraged because Yeager had discharged him and attacked him with a heavy dray pin, crushing his skull. Eades and his sons have been arrested.

Boy Drowns.

Portsmouth, O., Sept. 29.—John Gifford, 17, was drowned in the presence of his father and brother and within sight of his home. While fishing in a pond he fell out of his boat. The father and brother narrowly escaped the same fate by trying to rescue the unfortunate boy.

Dog Had Rabies.

Dayton, O., Sept. 29.—J. D. Clark, candidate for probate judge, left for Ann Arbor with his son, who was bitten several days ago by a pet dog, which died the same night. An analysis of the carcass at the Ohio state university showed that the dog had rabies.

Neck Broken by Fall.

Hamilton, O., Sept. 29.—George Flint, of Middletown, O., while employed at the Black-Clawson plant, in this city, fell from a ladder, alighting head-first in a pile of scrap iron. His neck was broken, and he died later at Mercy hospital, where he was taken.

Taggart Divorce Decision.

Wooster, O., Sept. 29.—Judge Samuel B. Eason, before whom the Taggart divorce case was heard, announced today that he would not be ready to give his decision Saturday as expected but would surely be ready some day next week.

Fatal Auto Accident.

Lima, O., Sept. 29.—Dashing down a hill on Elm street, thirty miles an hour, Elmer E. Rudy, with his wife and Mr. and Mrs. George Wood in his automobile, struck a street car. The street car was thrown from the tracks and ran 100 feet into the gutter, while the auto, was reduced to junk. Mrs. Wood was precipitated on her head and is still unconscious. Her injuries are believed fatal, while Mrs. Rudy, also seriously injured, has fractures which, with other injuries, may cause death. Ten passengers in the trolley car were badly bruised.

FRESHMEN

Rescue Their President and Take His Guard Captive

TABLES TURNED ON SOPHS

ARNOLD TOLD WAS GIVEN FREE HAIR CUT BY FRESHIES

President Bull Goes to Granville in Auto But Pres. Hunt Refused to Allow Them to Enter Chapel.

Outgenerated at nearly every point, the Sophomore class of Denison University has been compelled to admit that the Freshmen have the advantage in the strife which has existed between the two factions since Tuesday night.

The Sophomores, though outnumbered, gained the advantage by acting promptly and taking the lower classmen unawares. With this advantage, they allowed their opponents to outnumber them and turn the tables. President Bull, who was kidnapped early Tuesday morning, was recaptured by his classmates, while held prisoner in the room at the Doty House. It all happened because Bull's guard relaxed his vigilance for a moment and opened the door of the room without first having asked for the countersign or signal.

The suspicious names on the hotel register with the cities, London and Paris, written after them, immediately aroused the suspicion of several Freshmen who happened into the Doty House during the early evening. They awaited their opportunity and early Thursday morning they formed into a small squad and rapped for admission. Much surprised were they when Arnold Told, who was in charge of the prisoner, opened the door without the least indication of suspicion. He was attacked by the entire squad and before he could make a successful resistance, he was bound and gagged and his hair clipped after the style of the "Heathen Chinee."

He was then taken from the hotel and by a circuitous route, was taken to a South End residence where he was later recaptured by the members of his own class but not until he had been made to promise not to attempt to escape.

Told is from Cincinnati and has been popular among his class men. He was implicated in the first night's celebration and the faculty is said to have accused him of parading one of the Freshmen across the college campus freshly attired. This trouble was settled however and no action will be taken in the matter.

It is considered by many an act of poor generalship for the Sophs to choose the Doty house as their place of concealment as nearly every Denison student stops there when in the city over night. It was the first place to be shadowed by the first year men and it was but little trouble for them to learn that their leader was there.

President Bull of the freshman class was seen by an Advocate reporter this morning and expressed himself as well pleased with the turn the events have taken. He is pleased with the loyal spirit shown by his classmates and stated that he knew that they were not asleep while he was being held. He laughed at the agreement which was submitted by the Sophomores and stated that even though the Sophomores had held him until Christmas that his class would never sign the agreement demanded.

It was about 9 o'clock when the Freshman President and two classmates, started to Granville in an automobile. Mr. Bull attended the chapel exercises on the hill and was loudly cheered by his classmates.

It is known that President Hunt is strongly opposed to the action of the two classes in kidnapping the members of the various organizations. He has proposed that the men settle their differences in a class rush of some kind, in order that the school may resume its former routine.

Word received from Granville this afternoon says that owing to objections offered by President Hunt, Earl Bull and his big following of Freshmen, were not allowed to enter chapel. This was a sore disappointment to the Freshmen for they planned to enter the building with their president at their head and thus turn the joke on their enemies.

They made up for it, however, by remaining on the outside and giving their class yell. President Hunt told the first year men that they were too late for chapel and would not allow them to enter.

A report was circulated that Kauffman, a Sophomore, had been captured, but if such is the case, he is being

held where no one knows of his whereabouts. Neither Kauffman nor Pamment have been seen today. They are probably in hiding, fearing molestation from the Freshmen.

ROOSEVELT

May Appoint Ex-President Cleveland To Head U. S. Peace Conference At The Hague.

Washington, Sept. 29.—It is understood that President Roosevelt has under consideration ex-President Grover Cleveland to head the United States commission to the second peace conference at The Hague, invitations to which were sent out by Russia on September 21.

The President has the highest admiration for Mr. Cleveland, and the latter is held to be well fitted for such a position, as he is an authority on international law and has had large practical experience in dealing with foreign governments.

The commission of this country will probably consist of five members, of whom two will be military officers and a secretary. President Butler of Columbia university, Professor John Basset Moore, Brigadier General William Crozier, U. S. A., and Captain A. T. Mahan, U. S. N., retired, have been suggested as possible members, as has ex-Secretary of State John W. Foster. It is believed that the conference will be held in June, 1906.

SHERICK ARRESTED

Former State Auditor of Indiana Was Indicted By Marion County Grand Jury.

Indianapolis, Ind., Sept. 29.—Former State Auditor David E. Sherick was arrested early this morning at his apartments under indictment of the Marion county grand jury. The indictment contains two counts, the first charging embezzlement, grand larceny and conspiracy to commit felony, and a second count charging grand larceny and embezzlement. Sherick was released on a \$20,000 bond.

DESPERADOES

Murder a Woman and Four Children At Edna, Texas—Bodies Are Brutally Disfigured.

Edna, Tex., Sept. 29.—Mrs. W. R. Condit and four children, a daughter of 13 and three boys from six to 10 years old, were murdered in cold blood at their home near here. The mother and daughter were assaulted and their bodies brutally disfigured. A baby about two years old was the only one left alive. All of them seemed to have been murdered with some blunt instrument, their heads being crushed and their throats cut with a knife or razor. The girl and mother were killed in the house, the boys were killed about 100 yards away in the rice fields. A negro boy about 12 years old was plowing in a field near the house at the time of the killing and heard the children screaming; he saw a man running after a woman who was running around the house. Being afraid to go to the house, he ran to a neighbor's and told what he had seen. The entire county is out in posess in search of the murderer. It is supposed there were two of them.

INFERNAL MACHINE FOUND.

Budapest, Sept. 29.—An infernal machine was found this morning in the Hotel Royal, near the rooms of the Hungarian Independent party, of which Francis Kossuth is leader. Several hundred students engaged in an open demonstration. Copies of the Nepszava, a socialist newspaper, was publicly burned as a protest against opposition to Kossuth.

PRISONERS

Who Have Been Kept in Shackles Have Been Ordered Released By Attorney General.

Springfield, Ill., Sept. 29.—United States Attorney General Moody was forwarded an order to Springfield today for the removal of prisoners from the jail at Quincy because they are kept in chains. Judge Humphrey, of the United States district court, Springfield, made an inspection of the jail and found that the prisoners were kept in chains and were not allowed to move about the jail. He ordered their release.

HARPER IMPROVING.

Chicago, Sept. 29.—For the first time since he was captured, W. R. Harper is improving. He is able to get up and walk, and is able to perform his duties as a prisoner. He is being watched closely by the authorities.

POLICE

Of Boston are Baffled at Every Turn

IN SOLVING MURDER MYSTERY

INVESTIGATION OF PRIVATE HOSPITALS NOW ON

Officers Announce That Identity of Victim Will be Discovered in Purchaser of Suit Cases.

Boston, Sept. 29.—Baffled at every turn and all clues failing to bring anything but negative results the police admit that with the exception of knowing where the suit case in which the body of the murdered woman was found off Winthrop a week ago yesterday was purchased, they are no nearer a solution of the suit case murder mystery than when they began working on the matter eight days ago. If the investigation of the private hospitals now being made by direction of Police Superintendent Pierce avails nothing, and John Donovan, the diver in the employ of the city falls to find the missing head and limbs, the only dependence of the detectives for information leading to the identity of the young woman is the public.

While there is hope of learning something tangible from the inquiry concerning private hospitals to which the young woman may have been brought to recover from the criminal operation the police announce that if the identity of the victim is to be learned it apparently may only be ascertained through a trace of the purchaser of the two suit cases—one from the Subway Loan company and the other from Shavmut Loan company. The officers feel sure that Charles B. Beckwith, the Marlborough cobbler, who yesterday positively identified the suit case that held the torso of the young woman as one which he repaired on Aug. 14 for a man who came to his shop in an automobile with two women and remarked that he was a registered physician from Winthrop is mistaken.

Beckwith was so earnest and certain that the stitching on the case in the custody of the state police was made by his needle that the Winthrop authorities thought it to be a good idea to see whether there was any foundation for his story. There are four practitioners in the town. None of them tally with the description furnished by Beckwith and all denied ever having a dress suit case repaired in Marlborough. Deputy Chief Neal of the state police is of the opinion that the missing head and limbs of the victim could not have been placed in even the largest sized suit case and his theory is that the second case was brought for the purpose of traveling. He believes that after the body was disposed of the man responsible for the crime left the city at once.

TO WIN \$2

A Steeplejack Climbed Down the Side of the "Flatiron" Building.

New York, Sept. 29.—To win a \$2 bet and just to show that it could be done John Garrick, a steeplejack, climbed down the outside of the Flatiron building and then up again. He had no footing save the bevel of the stone, an inch and a quarter. Wearing ordinary shoes, and divesting himself of only his coat and vest yesterday he went to the twentieth floor in the elevator, walked into an office where there was an open window and was soon out on the ledge. He made his way sideways and down, while a great throng gathered in the street breathless, expecting him to be dashed to pieces every minute. At the twentieth story, the height from which he started, the building is 250 feet high. Climbing to the wall, Garrick looked like a huge fly on the insect of some kind flattened against the wall.

Suez Canal Cleared.

Port Said, Egypt, Sept. 29.—The wreck of the Italian steamer Cagliary which was sunk in the canal Sept. 26, has been removed and the canal is now open to traffic. The wreck was a great obstacle to the passage of ships and had caused much delay. The removal of the wreck was a great feat of engineering and was accomplished in a few days.

CHECK WAS WORTHLESS

National City Bank, New York, Parts With Valuable Papers.

WORK OF A CLEVER FORGER

Obtains Securities of the Value of Three Hundred and Sixty Thousand Dollars—Detectives On the Case and the Transfer of the Securities Stopped.

New York, Sept. 29.—The National City bank of this city has been the victim of a forger, who presented a bogus check bearing the name of a well-known stock exchange firm and received in return securities valued at \$360,000.

Pearl and Company, local stock brokers, recently negotiated a one day loan for \$200,000 with this institution. On Wednesday a check for the amount of the loan, plus \$17.50 for the one day's interest, was presented at their bank by a stranger who received the security deposited by Pearl and Company for their loan. The bank on which the check was drawn is one with which Pearl and Company never had an account, so the forgery was not discovered until the check had passed through the clearing house exchange, when it was promptly branded as fictitious. A private detective agency was called in and transfer of the securities was at once stopped.

The Pearl and Company consists of Dr. Pearl and E. A. Slayback. Mr. Pearl is now in Europe. The members of the firm own stock exchange seats and their operations on the board have at various times been very extensive. The securities offered by Pearl and Company for their loan and surrendered by the bank for a piece of worthless paper include 1,000 shares United States Steel common; 1,000 shares Rock Island common; 1,000 shares Metropolitan Street Railway; 700 shares Missouri Pacific; 200 shares North American company; 47 American Tobacco company 6 per cent bonds and some Wabash debenture bonds.

The detectives intimate that they have a clue to the identity of the forger, who is believed to have had one or more accomplices. It is believed that the forger had an intimate knowledge of Pearl and Company's affairs.

AT PUBLIC AUCTION

Kentucky Breeder Will Sell Valuable California Stud.

Lexington, Ky., Sept. 29.—The largest sale of thoroughbred horses ever held in this country will take place in December in New York when Rancho del Paso stud, the largest of breeding establishments, will be disposed of at public auction. News of the determination of J. B. Haggin to sell his California property was wired to Charles Berryman, manager of his Elmore stud here. Thirty-five stallions and over 600 brood mares and a lot of young horses will be offered. Among the stallions are: Imp. Watercress, Imp. Star Ruby, Imp. St. Gatien, Imp. Gold Finch, Imp. Golden Garter, Sis Modred, Imp. Toddington, Glenheim, Maxio, Goldspinner and others. The brood mares include the most famous matrons of breeding annals.

Wilson Predicts Cheaper Meats.

Washington, D. C., Sept. 29.—Secretary Wilson of the department of agriculture predicted lower retail prices during the coming winter season for meat, dairy products, poultry and other necessities of life. He says the relief for the householder will come from the enormous yields of small grain and corn in the great grain territory of Illinois, Minnesota, the Dakotas, Iowa, Nebraska and Kansas. "Heavy crops," said Wilson, "have resulted in the return of normal agricultural conditions in the great producing states. The meat producers have been losing money for the past three years. Grain cost too much. There was no profit in feeding, as strange as this may seem to people who pay such prices as we do for our meat. But the heavy grass crop of this year, in addition to the very general corn crop, will combine to bring about normal feeding conditions."

Mayor Rose's Defl.

Milwaukee, Sept. 29.—Mayor Rose had no hesitation in announcing what he told the grand jury Wednesday afternoon. From his account he practically read the riot act to the inquisitors and defied them to bring an indictment against him if they could. He discussed the street railway franchise of 1900 and the contracts for asphalt pavements and indulged in sharp comments against District Attorney McGovern and his assistant, Henry F. Corbman. No mention was made of gambling.

Must Learn to Shoot.

Washington, Sept. 29.—The war department will soon issue instructions to regular army officers detailed for instruction duty at such institutions as Ohio State University, Columbus; Ohio Wesleyan at Delaware; and the National Normal university at Ada, that the boys in the military companies must be able to shoot. These colleges are being visited by the national

PACKERS

Lose in Beef Trust Case at Chicago

DEMURRER TO BE FILED

THE GOVERNMENT WINS IN LEGAL SKIRMISH

Judge Humphreys Sets Date of Hearing for October 5—Delay Granted.

Chicago, Sept. 29.—In the first ruling by United States Judge Humphrey in the beef trust cases, the government won its contention. This morning the court passed upon pleas 1, 2 and 5 as to the legality of the grand jury which indicted the packers, and declared that it could not be attacked.

On the third and fourth pleas, relating to publicity in the drawing of the jury, the court stated they had given him more trouble but there was no doubt in his mind that the act itself was so loose and indefinite in detail that the packers plea in abatement would not hold. The court therefore sustains the demurrer of the government to the plea in abatement filed by the packers.

Attorney John S. Miller for the packers requested a delay of two weeks in which to file a demurrer to the indictment. Judge Humphrey stated that he was going out of town to try some canal cases and thought Thursday, October 5 would be the proper time for that purpose and insisted on the point. The demurrer will be argued a week from Monday and will occupy one or two days, after which the packers must come into court and plead guilty or not guilty.

The district attorney's office now believes there is a chance of commencing the actual trial of the indicted men within two weeks.

SUPPORT WAS PLEDGED

To Pattison By Numerous Republicans At the Auglaize Fair.

Wapakoneta, O., Sept. 29.—"In the heart of Democracy" is the characteristic description of the place that John M. Pattison spent the best part of a beautiful autumn day. Auglaize county is proud of this endearing title and shows her appreciation of it annually at the poles.

Yesterday Mr. Pattison was given a warm greeting both by old and the tremendous crowd at the Auglaize fair, which was attended by nearly 25,000 people. The fair grounds were fairly dense with the holiday throngs, forcing the management to resort to a novel expedient in order to give the candidate an opportunity to speak to the assemblage. He was driven in an open carriage to a gap in the race track fence, and preceded by a brass band, went down the stretch to a point in front of the grandstand. Here 5,000 or more people heard him deliver a short speech, in which political matters were not touched upon. He was heartily cheered at its beginning and conclusion. Afterward he was escorted about the grounds, meeting people by the hundreds. In the office of the fair association he held a reception that lasted for two hours.

Once again the story of Republican disaffection and Democratic enmity was told. S. A. Brookhart, a fruit grower, pushed his way into the office to tell Mr. Pattison that he and his family, all Republicans, were tired of bossism and would vote for him. Rev. S. S. Montgomery, the leading Unitarian Brethren minister of the county and the member of a large and powerful Republican family, was working hard for Mr. Pattison. Two brothers named Miller, from Akron, came in to pledge their allegiance. One lives at Spencerville, in this county, while the other remains at Akron. T. A. Davis, a leading Republican organizer and a farmer's institute lecturer, is aggressively against Herrick. Recently he was summoned to Columbus by the governor, who tried to change his attitude, but failed.

Union compositors to the number of 2,000 employed in Buffalo (N. Y.) job printing offices which have not agreed to the 8-hour day demand by the Typographical union, went on strike.

Wheeler H. Peckham, Jr., a noted lawyer died suddenly in his office at New York. In 1894 he was appointed to federal supreme court. The senate refused to confirm his nomination.

WORKING WOMEN

Their Hard Struggle Made Easier—Interesting Statements by a Young Lady in Boston and One in Nashville, Tenn.

All women work; some in their homes, some in church, and some in the whirl of society. And in stores, mills and shops tens of thousands are on the never-ceasing treadmill, earning their daily bread.

All are subject to the same physical laws; all suffer alike from the same physical disturbance, and the nature of their duties, in many cases, quickly drifts them into the horrors of all kinds of female complaints, ovarian troubles, ulceration, falling and displacements of the womb, leucorrhoea, or perhaps irregularity or suppression of "monthly periods," causing backache, nervousness, irritability and lassitude.

Women who stand on their feet all day are more susceptible to these troubles than others.

They especially require an invigorating, sustaining medicine which will strengthen the female organism and enable them to bear easily the fatigues of the day, to sleep well at night, and to rise refreshed and cheerful.

How distressing to see a woman struggling to earn a livelihood or perform her household duties when her back and head are aching, she is so tired she can hardly drag about or stand up, and every movement causes pain, the origin of which is due to some derangement of the female organism.

Miss F. Orser of 14 Warrenton Street, Lydia E. Pinkham's Vegetable Compound Succeeds Where Others Fail.

Boston, tells women how to avoid such suffering; she writes:

Dear Mrs. Pinkham:— "I suffered miserably for several years with irregular menstruation. My back ached; I had bearing down pains, and frequent headaches; I could not sleep and could hardly drag around. I consulted two physicians without relief, and as a last resort, I tried Lydia E. Pinkham's Vegetable Compound, and to my surprise, every ache and pain left me. I gained ten pounds and am in perfect health."

Miss Pearl Ackers of 327 North Sumner Street, Nashville, Tenn., writes:

Dear Mrs. Pinkham:— "I suffered with painful periods, severe backache, bearing-down pains across the abdomen; was very nervous and irritable, and my trouble grew worse every month. My physician failed to help me and I decided to try Lydia E. Pinkham's Vegetable Compound. I soon found it was doing me good. All my pains and aches disappeared, and I no longer fear my monthly periods."

Lydia E. Pinkham's Vegetable Compound is the unfailing cure for all these troubles. It strengthens the proper muscles, and displacement with all its horrors will no more crush you.

Backache, dizziness, fainting, bearing down pains, disordered stomach, moodiness, dislike of friends and society—all symptoms of the one cause—will be quickly dispelled, and it will make you strong and well.

You can tell the story of your sufferings to a woman, and receive helpful advice free of cost. Address Mrs. Pinkham, Lynn, Mass.

GREATER UTICA

New Addition Surveyed and Platted—Application Made To Incorporate Laundry Company.

Utica, O., Sept. 29.—Application has been made with the secretary of state for the incorporation of the Greater Utica Laundry Company, with a stock of \$5,000. The incorporators are W. C. Houser, H. L. Rees, W. J. Ogg, G. M. Males and Albert Vance. The intention of the company is to operate the laundry now idle in the Watson building.

Surveyor Gilpatrick on Saturday and Monday surveyed and platted Harrison Bell's fifth addition to Utica, and the lots are for sale by Harris as the others were. The price is the same, \$100 for inside lots and \$125 for corners, except six on the Martinsburg road which are higher. There is a new street east of and parallel with Wells street extending from the Martinsburg road to the Blacksake road, and three cross streets. All lots are 50 by 150, except six, and all have an alley at the rear. Ten have alleys on the side, also. A number of the new lots are spoken for.

Mr. and Mrs. Donson have moved to Newark, where they will make their future home.

At the town hall on Sunday afternoon at 3 o'clock, Rev. S. M. Cooper of Cincinnati, will preach. It is said that the reverend gentleman is a very eloquent orator, and a congregation no doubt, will be present to hear him.

Mrs. Elizabeth Perkins, wife of Wm. D. Perkins, died Wednesday at her home near Lock. She has been in poor health for many months and death resulted from general debility. The deceased was a daughter of the late Eli Ford, a pioneer settler. Her husband and two children survive.

GREAT SHOWING BY NEWARK MEN

LOCAL TRAP SHOOTERS HOLD PHELLIS TROPHY IN SHOOT WITH TWO TEAMS.

F. H. King, of Newark, Takes Laffin & Rand Loving Cup, With Highest Average in Two Days' Shoot.

The Newark trap shooters did themselves proud in the big two days' trap tournament which was held at the Newark Gun club located on the State Encampment grounds, west of the city. The second day's program was made up of the same number of events as in the first day, but the scores were much better.

Fred H. King, the crack shot of the Newark Gun club, was the man to capture the beautiful Laffin & Rand loving cup offered for the highest average made by an amateur in the two days' shoot. He scored 363 birds out of 400 in the two days. M. A. Hatcher, who is the Tennessee champion, was second high, scoring 358 out of 400. Johnson of Kent was third with 356 out of 400. Hulshizer of Newark was fourth with 353 out of 400. Trumble, a professional of Covington, Ky., scored 360 out of 400.

The visiting marksmen were highly pleased with the treatment received here and this is the first shoot held in this vicinity where the entries for the second day were larger than the first day. In many cases, the treatment accorded the shooters caused them to become displeased and quit.

The Phellis trophy which was successfully defended by the Newark club was shot for in the regular events. Scores in Event No. 6, 7, 8, and 9, a total of fifty targets per man, were counted for this event instead of making a separate shoot for it. This was necessary on account of the large number of shooters entered.

The best shooters in the country were present and a large crowd was present each day witnessing the sport.

Banqueted at Schallers.

Thursday evening, all the visiting trap shooters were invited to Schaller's restaurant on West Main street where an elegant supper was served in the usual faultless manner in which this restaurant caters. The scores follow:

Gray Hair Banished

One Bottle of Wyeth's Cream of Sage and Sulphur performed a miracle.

My hair was as white as snow when I commenced using Cream of Sage and Sulphur. One bottle restored my hair to its natural dark brown color. As I am now 70 years old, I consider the result most remarkable. It is an agreeable and refreshing hair dressing, keeping the hair soft and glossy, without being in the least greasy or sticky.

HOME-COMERS

Day Promises To Be One of Banner Days of the Big Fair Next Week.

Every indication points to the fact that the big fair of the Licking County Agricultural Society to be held at the "Old Fort," on October 3, 4, 5, 6, and 7, will be a record-breaker. As will be noted the fair is to be held five days this year, every day except the opening day being a big day, and that day will have attractions equal to the big days of other county fairs. Friday, of fair week, however, will be one of the banner days, being "Home-comers' Day." Secretary Farmer has received a large number of letters from former residents of the county, who are now living in distant parts of the country, notifying him that they are arranging to once more, visit the old fair, where they will be sure of meeting the friends of other days. Special arrangements for the reception of the many home-comers expected to be at the fair are being made, and present indications are that a large number of former residents of Newark and Licking county will be at the fair on "Home-comers' Day." It is predicted that "Home-comers' Day" will be a big success, and to insure the fulfillment of this happy augur the people of Newark and of the entire county of Licking are called upon to individually do their share of the entertainment of former residents of the county who will be at the fair on Friday of fair week. fw-fd

QUAKER DOCTOR MAKES HIS WORD GOOD

The Quaker is making good his assertion, that after he was in town a few days and people had confidence enough to give his herbs a trial, he would have one or more new parasites on exhibition at his wagon night after night.

Yesterday Miss Faun Howard daughter of Patrolman Howard of 66 Dowers avenue passed a monster tapeworm that the parents had tried time and again tried to release her from its clutches, but to no avail.

Five years ago, to use the mother's own words, Faun was a perfectly healthy child, but this monster has reduced her to a nervous wreck.

The young lady took one dose of the Quaker Doctor's herbs yesterday, and in a short while passed the parasite without any bad after effects what even even bringing it herself to the Quaker doctor's office at the Ludlow Hotel.

The Quaker Doctor, after the exhibition at Fourth and Main streets, last night, thought the \$1000 a year man at the Ludlow Hotel. The Doctor will have one or more hours this morning for the benefit of working men that wish to consult him without losing time from their work.

To the Methodist Public.

In view of the assault made on the Methodist ministry in the state by an article published in The American-Tribune of this city, I will speak next Sunday evening on "Methodists and Politics." There are more than 5,000 members of the M. E. church in Licking county who will be anxious to know whether or not it is true that their ministers are "shamelessly lying about and vilifying one whom they know to be a gentleman, for no other reason than to vent their spleen." I court a hearing by all fair-minded men Respectfully,

L. C. SPARKS.

Nasal Catarrh quickly yields to treatment by Elv's Cream Balm which is agreeably aromatic. It is received through the nostrils, cleanses and heals the whole surface over which it diffuses itself. A remedy for Nasal Catarrh which is drying or exuding to the diseased membrane should not be used. Cream Balm is recognized as a specific. Price 75 cents at druggists or by mail. A color in the head immediately disappears when Cream Balm is used. Elv Brothers, 56 Warren St., New York. mw

"THE CLAY BAKER."

The Clay Baker, by far the most successful play ever written for the stage for months, has been doing business at the Grand Opera House, New York City, since Jan. 1st, 1891. William F. Monck, "The Clay Baker," author and producer, is supported by a good company, his work was of such brilliancy that it is easily outdone by other characters in the play.

There are no actresses obtained to express Mr. M.'s efficiency. He is simply so natural in his every stage act was perfect and performed so well that the audience many times applauded his appearance and giving him the second and third time he had not been dem

The Local Campaign.

The Democratic County Executive Committee is accomplishing the most satisfactory results in the conduct of the campaign in the county that has been known here for years. The committee has evidence of surprisingly gratifying results from all the townships. These evidences point to the certainty of a majority for the Democratic ticket outside the city of Newark that will surpass Licking county's record for more than a decade. Not since 1892 have the townships in Licking county promised such a majority for the entire Democratic ticket as they do this year.

The Executive Committee is now preparing for the campaign in the city with unusual encouragement, and have every reason to justify confidence that Newark will wheel into the Democratic column, where it naturally belongs. The relative merits and qualifications of the candidates of the two parties are being discussed and considered by the people, and it goes without saying that this is to the advantage of the Democratic ticket. From time to time the superior merits of the Democratic candidates will be fully presented by The Advocate, and with the practical organization that the Democratic committee proposes, there can be no doubt of the election of the entire Democratic city ticket.

Senator Foraker in his Bellefontaine speech to railway rate-making, saying that the proposition to give power to the interstate commerce commission to fix rates is a Democratic proposition. The senior senator might have said in so many words that President Roosevelt has taken up with a proposition coming from the opposition. The more the Republicans say in this campaign the worse they make matters for themselves. Never in the history of Ohio politics was there a time when Republicans engaged so extensively in rapping one another as they are doing this year. President Roosevelt has been claiming all along that railroad rate regulation through the administration of the interstate commerce commission is a measure of his own formation, and for Foraker to try attempt to give the Democrats credit for it is equivalent to a pretty direct stab at

the President from the machine Republican standpoint. And yet Chairman Dick professes to be running a campaign in defense of the Roosevelt ideals.

Dividing With Grainers.

The 76th General Assembly had frequent fits of generosity and, one of those seized it when house bill No. 448, by Mr. Binckley of Perry, was up for consideration.

Everyone knows that 5 per cent for collecting ordinarily good claims, is paid to collectors. And everybody also knows that a tax lien on real estate outranks a first mortgage, and makes the collection of the delinquent tax thereon absolutely sure, and the average collector would be willing to undertake the collection of such claims at less than 5 per cent.

By referring to pages 403-404 of the session laws of 1904, the reader will find, in the shape of a law, Mr. Binckley's H. B. 448, which generously provides that the treasurer may contract with some suitable person to collect delinquent real estate taxes at the rate of 25 cents on the dollar.

The law is silent, however, as to how this 25 per cent commission is to be divided, but it will, no doubt, be done in a satisfactory manner, and for the promotion of the advancing science of graft.

The statement that the county treasurer who is paid his salary for collecting the taxes, has been empowered to pay someone else 25 cents on every dollar's collection of a claim secured by what is better than a first mortgage, is of itself sufficient proof of the unworthiness of the recent fourth-fifths Republican legislature, to call it by no harsher name.

Yet the following Republicans in the house and senate enacted the law, and Governor Herrick promptly approved it:

Yeas—Aldin, Bassett, Binckley, Brannock, Briggs, Bronson, Buchtel, Burnett, Carrothers, Cockley, Crafts, Crawford, Demuth, Dows, Eagleson, Fischer, Fisher, Foster, Harper, Hays, Hensel, Herrick, Jones of Jefferson, Jones of Lucas, Johnston, Kennedy, Lane, Manix, Myers, Nihart, O'Donnell, Osler, Rawson, Reich, Reynolds, Reigle, Rowland, Russell, Sawyer, Smith of Hamilton, Stucker, Spangler, Sprague, Thomas, Thompson of Champaign, Tyler, Wagner, Watson of Licking, Welker and Whitney.

In the Senate—Austin, Carson, Cassett, Connell, Dunlap, Godfrey, Harvey, Heinlein, Judson, Lauman, Moore, Askamp, Overturf, Pollock, Ricketts, Silberberg, and Smith.

However, when one reflects that such legislatures as the last one, with its four-fifths Republican majority, are absolutely in the power and under the control of Boss George E. Cox of Cincinnati, the wonder is that it did not farm out the collection of all the taxes to his favorites, paying them 50 cents on the dollar and all their traveling expenses and hotel bills for making the collections.

Up at Mansfield they are agitating the elimination of grade crossings. Mansfield is a pretty good sized town, but it is beginning on a work at a time when it will cost less than if delayed a number of years, and in the meantime much time will be saved in business, besides the lessening of dangers.

The Republican ticket has been nominated in Erie county, but in the opinion of the Sandusky Register, the Republican organ in the county, while it is above the average of county tickets and would be elected by a normal plurality it is in danger because of the unpopularity of the Republican state ticket. The Register says that there are thousands upon thousands of Republicans in Ohio who will not support Governor Herrick, and it declares that if half the reports given in the newspapers about the condition of things be true Governor Herrick will lose 100,000 Republican votes, a serious matter for the local candidates. The Register regards the loss of county offices as worse for the party than the loss of the governorship, and accordingly warns the candidates on the county ticket to look out for themselves and let Governor Herrick take care of his own candidacy. It is a desperate situation when a Republican organ so advises local candidates.

The Republican bolt has broken out in Findlay, Hancock county, where Coxism is arranged and denounced as having eaten to the very vitals of the party. Coxism is the issue there, and little else is heard discussed among the Republicans who are aroused over the danger of future domination of their party by the Cincinnati boss should Governor Herrick be re-elected. Two years ago the governor carried the county by over

300, but Republicans who have never before bolted their ticket place Pattison's plurality at from 500 to 1,000. So it goes. The bolt continues to break out, notwithstanding the declarations of the Republican state chairman and his associates in the management of the campaign that the situation looks better to them.

Chairman Dick insisted on making national questions the issues in this Ohio campaign, and since the Foraker speech at the Bellefontaine opening, the chairman would welcome the man who could help him let go of national issues.

It looks very much as though Mayor McClellan, of New York, was too strong to be beaten by any candidate who may be put up against him for the next term in the office which he now holds. The men who have thus far been tendered the nomination against him have declined, while from influential Republican quarters have come expressions of approval of his career. Even that redoubtable reformer, Rev. Dr. Parkhurst, has intimated his confidence in Mayor McClellan. It is claimed by the latter's opponents that he is under the thumb of the Tammany leaders, but this is denied by men who are in a position to know, and who assert that he himself is the most powerful factor in the city government. Mayor McClellan has made a creditable record in congress and in his present office. If selected he would be freer than ever to follow his own inclinations, and he would doubtless do even better in his second term than in his first. In such a case the pathway to the governorship of New York and to higher honors would be opened.

The fact that the Ohio State Teachers' association and the educational committee of the Cleveland chamber of commerce are to move in the matter of securing the repeal of the Cox school code and the enactment of a code modeled after the federal plan of school government is subject for comment by the Cleveland Plain Dealer which urges all interested to get busy now and not wait till the coming winter when the legislature is in session. The Plain Dealer's advice is timely, and the educators should profit by it and by their experience when the legislature was in session nearly two years ago. Then they went to the legislature with a petition in boots, but the wishes of George B. Cox to make the public schools of the state political assets and place them under the rule of politics prevailed against the better judgment of the friends of the schools and educators of long experience. The election of a legislature that will legislate in behalf of the people and with their interests ever in view instead of in behalf of the political boss and his machine is the need of the hour and should not be lost sight of in the campaign.

Runaway In Which Several Horses and Buggies Get Mixed Up—Other News.

Alexandria, O., Sept. 29.—Considerable excitement was occasioned here on Monday evening just as school was dismissed for the day. A horse that was being driven by Dale Mount frightened at the cars and took a notion to run away. The boy held the horse until they reached Chadwick Park where they all straddled an apple tree, leaving the buggy in the tree, the boy on the ground, and the horse ran some distance after breaking loose from the buggy. The horse was finally hitched to a wagon at the livery stable. After driving some distance the animal again became fractious and ran into Thomas Perry's carriage, whose horse began to kick and plunge. The boy was slightly injured and two carriages and a wagon wrecked.

Quite a number of people from Newark attended the funeral services of Mrs. Louise Hazelton on Tuesday. Among them were the following former residents, and neighbors of the deceased: Mr. and Mrs. W. D. Beaumont, Mr. and Mrs. L. J. Wise, Mrs. John Rugg, Mrs. Ella Black, Mrs. Florence Shrader, Mrs. Sarah E. Miller, Mrs. Carrie Maranville, Mr. and Mrs. Thurman Tower, also Mr. and Mrs. Jones near neighbors of R. W. Smith and family.

Miss Mabel Webb of Conneaut, Ash-tabula county, is visiting relatives in Newark. For the past two weeks she has been visiting at the home of her aunt, Mrs. George Dumbauld.

Mrs. Mayme Penn was brought home from Newark last week in an ambulance and is at the home of her brother, E. H. Hamond. Mrs. Penn has been out of health for some time and has been confined to her bed for about three months. Perhaps the change and good care of her people will be good for her and we hope for her speedy recovery.

Mrs. T. Cabbage gave a reception on Saturday afternoon at her home on Liberty street, to her Sunday school class. Eight young Misses were the guests and the afternoon spent in various games, fortune telling, etc., and a fine supper. The girls were highly pleased with their teacher as a hostess to our certain knowledge, as we interviewed them on their home coming.

Quite a heavy frost showed up on Tuesday morning, but it was the white lying kind and did no damage; but few people except political candidates were as early enough to see Jack as the glorious orb of day threw his penetrating rays toward the beautiful scenery of the old Raccoon Valley.

A Happy Young Bride.

One of the happiest young women in town was married only a few months ago, but her troubles began when she tried to think what to get her husband for a birthday present. Fortunately she consulted J. W. Collins & Son, our popular druggists, and they suggested a box of Wadsworth Bros.' "Chicos."

Mr. Younghusband congratulated his wife on her good judgment in selecting Chicos, and says he will not smoke anything but "Chicos" in the future, not only because his wife gave them to him, but because they satisfy his fastidious taste exactly, and just meet the needs of his pocketbook.

Wadsworth Bros.' "Chicos" are usually a 10c cigar for 5c, as they are made with Havana filler, are good size, smoke free, and are a real cigar from the first puff clear up to the stub. J. W. Collins & Son are the local agents, and want all lovers of good cigars to try the "Chicos." s29-06-13

TO THE PEOPLE OF NEWARK

The report has been circulated that The Newark Water Company does not desire to sell its plant to the city. This report is false.

On behalf of The Newark Water Company I have endeavored for the last two years to obtain a sale to the city through an appraisal.

The city officials claim if the appraisal is too high the city may nevertheless be compelled by the company to take the property.

The Water Company has and still does agree to waive any such right if such right does exist.

If the city will undertake the appraisal and no agreement be reached The Water Company will agree.

1st. That the hydrant rental contract will be extended at the option of the city as long as is necessary to complete a municipal plant.

2nd. The city will be secured against any liability either to take the property or to pay any costs, attorney fees or expenses on account of any litigation arising out of the appraisal or sale.

The Water company only asks a fair business-like investigation of its property. An appraisal will enable everybody to know what the plant is, how it can be used by the city, and what it is worth.

This has been the position of the Water company from the outset. The Water company claims that a fair consideration of the matter will convince the people that by a purchase of its property they will save:

1st. \$200,000 in cost of construction.

2d. The tearing up of many miles of paved streets.

4th. From \$5,000 and up annually income from private consumers.

5th. \$25,000 in making connections with private consumers as well as the annoyance of digging up the streets for the purpose.

SUCCESS

Has Attended the Up-to-Date Business Methods of Mr. Schiff, of "The Fair."

Mr. A. Schiff, proprietor of "The Fair," in the Wehrle block, has demonstrated that he is one of the most energetic and up-to-date business men of the city. Mr. Schiff came to Newark some five years ago, and started in business in a modest way in the room occupied by the O'Bannon millinery store, on West Main street. From the first he met with success, and was soon obliged to secure more commodious quarters in which to accommodate his ever-increasing trade. He moved into the Wehrle block, where for some time he has been occupying the large double-room in that building. Success followed him to his new location and business increased so rapidly that he has been compelled to add more floor room to his place of business. He has fitted up the two basements in handsome style. One of these is occupied as a stock-room while the other is used as a sale room for granite, willow, wooden and china ware. During the holidays it will be given up to the stocking of one of the largest and finest lines of toys ever brought to the city. Mr. Schiff attributes his success to the system he has adopted, that of working in the interest of the public as well as to the store.

MENTOR

AND MUNSING

Abrupt and unexpected changes in the weather are now due—a freezing night is very apt to follow an Indian Summer day.

At such a season of the year it is vitally important that the body be given proper protection—especially is this true in the matter of underwear.

Heavy outside clothing is of practically no avail, if the clothing next to the skin—if the underwear—is not of the proper kind.

The rules of health demand at this season of the year that the skin, in addition to being thoroughly protected, should also be allowed to breathe freely, thus keeping the body-heat at a uniform temperature.

To combine these two most important features, an underwear must be selected which is made of a material at once warm and absorbent.

MENTOR

Comfort Underwear

is such a one, and to the famous Mentor material is due its wide-spread reputation for healthfulness combined with comfort.

We are showing Mentor, Munsing, Norfolk and New Brunswick Comfort Underwear in Union and Two-Piece Suits for the whole family. Remember, a word of advice in time is worth much useless advice when it's too late—now is the time to buy Comfort Underwear.

Farm Residence Destroyed By Fire—
Scott Harding Suffers Serious
Attack of Hiccough.

Johnstown, O., Sept. 29.—The pretty country residence of S. J. Day north of town, was totally destroyed by fire at about 12 o'clock, Tuesday night. The origin of the fire is unknown, but it is supposed to have been from a defective flue in the summer kitchen, which was almost destroyed before the family was aroused. But few of the household goods could be removed from the burning dwelling. A chicken house considerably in the rear of the dwelling was set on fire and burned with a large number of fowls. The dwelling and contents were insured in the Ashbrook agency, but only sufficiently to cover a portion of the loss. Mr. Day and family have the sympathy of the entire neighborhood in their great misfortune.

Ezra Tompkins of the firm of Forb & Tompkins, coal operators in Columbus, visited his father, T. S. Tompkins Monday. Scott Harding, the well-known hardware merchant at this place, has been seriously ill at his home here since Monday, his illness taking the form of the most severe attacks of hiccoughs, the first attack lasting for 48 hours before medical aid could relieve his condition in the least. The attacks came on again Wednesday. The attending physicians are of the opinion that unless permanent relief can soon be obtained, that his recovery will be very much in doubt.

There will be preaching services at the Presbyterian church next Sabbath afternoon at 2:30. Dr. C. L. Work of Granville, pastor, will deliver one of his usual good sermons. You are always welcome.

Mrs. Sherwood Blamer has been very seriously ill since the latter part of the week undergoing an attack of the appendicitis with other complications. She is reported as but little better at this writing.

In some manner, not known, he lost his pocketbook, containing his worldly possessions, \$202. The loss was reported to the agent at Zanesville and a message was sent to the conductor of the train which was on its way to Chicago. The car was searched and the pocketbook was found. The money was returned to the owner on the next train.

Newark People Present.
Coshooton, O., Sept. 29.—At half past 5 o'clock Wednesday afternoon, Miss Sara Kane and Mr. Albert Vandine of Wheeling, were united in marriage at the home of the bride's father, formerly of Newark, performed the ceremony and the witnesses were limited to the immediate family.

Last evening the two young people who are quite popular amidst a wide circle, were given an ovation at the city hall. Lieutenant McMahon, of Newark, and Ensign Simonson, Lieutenant Elkins and Lieutenant Seiler of Wheeling, were here to add interest to the occasion.

CONTAGIOUS BLOOD POISON

Contagious Blood Poison more thoroughly poisons the blood than any other disease. Every part of the body is affected when the virus becomes entrenched in the circulation; red eruptions break out on the skin, mouth and throat swell, glands in the neck and groin swell, the hair falls out, copper-colored spots appear on the body, etc.

I was afflicted with blood poison, and the best doctors did me no good, though I took their treatment faithfully. In fact I seemed to get worse all the while. I took almost every so-called blood remedy, but they did not seem to reach the disease, and had no effect whatever. I was disheartened, for it seemed that I would never be cured. At the advice of a friend I then took S. S. S. and began to improve. I continued the medicine, and it cured me completely.

Hamlet, N. C. W. R. NEWMAN.

So highly contagious is this disease that many a life has been ruined by a friendly hand shake or from using the toilet articles of one affected with the disease. To cure this hideous and hateful disease a constitutional remedy is required. S. S. S. goes down to the very root of the trouble and forces out every particle of the virus from the blood and cures the disease permanently. S. S. S. is purely vegetable and drives out the trouble, and restores the system to its normal condition. It is never seen again. Those who have been cured by S. S. S. can testify to the fact.

AN IMPRESSIVE INTRODUCTION OF NEW FALL SUITS

Formal Fall Opening Saturday.

We swing into the fall season with the most impressive and comprehensive collection of clothes for men and young men in the history of any store. The quality which is identified with our label has been rigidly maintained, and forward steps have been taken in the designing and tailoring of every garment for which we stand sponsors.

You are cordially invited to view the results of our months of effort to provide the smartest and best ready for wear clothes that brains and experience can produce, Remember early choosing is your privilege and advantage. You now have the pick of the stocks, large and varied.

Suits For Men

In the new long models we exhibit Single and Double Breasted Suits, regulars, stouts, and longs, so proportioned in all sizes that a perfect fit is assured to every man. In Gray mixtures and patterns we show a goodly collection of handsome Cheviot and Plaid patterns, tailor-made at \$15.00 to \$25.00.

Our reliable black and blue suits are a strong feature of our Suit Show. The present exhibit of single and double breasted expressing the new style to perfection, \$10.00 to \$25.00.

Absolutely the best \$10 black suit shown in Newark.

Boys' Clothing

Led by our Special Suit at \$5.00, our own design, our show of clothes for boys is most notable. A visit to this department will repay any mother of a boy. Prices \$2, \$2.50, \$3, \$3.50, \$4.

Young Men's Varsity Suits

The new Varsity Suits exhibit all the taking features on which young men place emphasis—long, loose, coats, wide pointed lapels, deep vented backs, peg top trousers. A truly great array of the new Grays as well as fancy mixtures. We show them in both single and double breasted, \$7.50 to \$15.

Fall Overcoats

THE SURVEY

For the Utica Traction Line Marks a Private Right of Way—Where the Line Runs.

(Utica Herald.)

The survey for the Newark, Utica & Mt. Vernon Traction line is proceeding rapidly. An important feature is that for almost every rod of the distance it will be on private right of way which will be fenced in so that there will be no obstacle to high speed. At points where the survey is on the public highway it is close to one side and the traction company will make the wagon road its original width by purchasing a strip on the opposite side and dedicating it to the public. Thus the wagon road will be thrown a little further from the steam track, from the Jacob Holler crossing to almost to Vanata, and from Vanata to the Conrad farm near Vanata.

The cut in the side of the hill will be in freestone rock which will not slip and presents no engineering difficulty. The traction line reaches the public road again at the Hutchison residence, north of St. Louisville, crosses to the east side and runs on the field side of the fence till some distance north of Mattie Goff's residence; then crosses to the west side, bridging Lake Fork west of the wagon bridge. Three hundred feet further it passes to the east side of the road. Near the white bridge it goes to the west side, and returns east at Wm. Mayer's to set around the hill.

At Willard Smith's the survey goes to the west side of the road and thence up the creek to the ravine on the Phil Smoots farm opposite the rear of the Methodist church. From that point the line is mapped westward, touching the Homer road at M. Reynard's and keeping on its north side to Homer. From there on the survey is progressing.

The survey is supervised by Fred S. Cully, whose engineering and drudging skill is not surpassed in Central Ohio. The force of assistants

consists of Jacob Hankinson, Clifton Morse, Ed Hurlbath, Frank Sturman, Ed Coyne, Samuel LeCrone, Robert Fulton, Arthur Connolly and "Buster" Greenwood. They are a jolly good set of fellows, active in their duties and courteous to the curious people met along the line. They are treated kindly by nearly all the farmers, who welcome the improvement that is to come. One exception was met near Newark where a few rods was to run over the Bishop land. A woman with a shotgun made a small crook in the map at that point.

Some changes in the route will, no doubt, be made. Farmers off the line are offering inducements to have it come their way, while others may try to "bleed" the company for privileges.

AUCTION SALE OF GROCERIES

The undersigned will offer at auction the stock of groceries and fixtures belonging to the estate of the late Tinnel Buehler. These goods are in the store-room at Buehler's Corners in the West End. GRANVILLE

An Interesting Budget of News From the College Town—Rehearsals For Spring Festival.

Granville, O., Sept. 29.—Mr. and Mrs. John Owen, who were married about a week ago, and who have been spending a few days in Chicago, returned to Granville Wednesday evening and were met by a large number of relatives and friends. Mrs. Owen was formerly Miss Clara Follett, daughter of Dr. and Mrs. A. K. Follett.

On Thursday evening after the weekly prayer meeting in the Baptist church, Dr. Ashmore led in prayer, after which Miss Marion, of Cuba, addressed the meeting. Rev. Mr. Dye, of this place, who will soon leave for Burma, where he will reengage in missionary work, also addressed the meeting.

The members of Kappa Phi sorority celebrated Founder's day by wearing the sorority flower, the pink carnation, on Thursday. Miss Fannie DeWolf of Wheeling, W. Va., who has been visiting here for the past few days, has returned home, after having had a "delightful visit."

Miss Hannah Jenkins of Columbus, has been visiting at the home of her aunt, Mrs. H. D. Williams, north of the village, for some days. On Wednesday evening the Phi Gamma Delta fraternity entertained at dinner the Misses Blanche and Anne Beattie, Bess and Lina Willis, McKibben.

Miss Eleanor Chaffee of the Junior class is wearing the corsage and blue of Kappa Phi. Mrs. E. S. Sheperdson is in receipt of letters from Rev. Henry Bushnell, Rev. George Little and many others, expressing their approval of the Granville Historical society, and wishing success for its work. W. F. Chamberlain of Dayton, was here Wednesday night and Thursday morning. Mrs. J. W. Somers of Cleveland, is visiting her mother Mrs. Marbis, at

her home on Prospect street. Chauncey Lurch, a Presbyterian missionary to Lure, Egypt, was here on Monday and visited his cousin, He is a son of the late James Lurch, who graduated from Denison in the class of 1845. He has been in this country for a year and will return to Egypt in a few weeks.

Wm. Geach Jr., has sold his farm north of Granville to David A. Thomas who lives a short distance north of Newark.

Work on the new cement walk running up college hill was started on Thursday morning by the Dayton contractors.

Mr. and Mrs. Harry Burkam have moved into the home of Mrs. Henry Hobart, corner of Pearl and Summit streets.

The King's Daughters will give a supper at the Presbyterian church on Saturday evening. James Fosdick, real estate dealer, has sold the Grover lot on South Pearl street to Misses Sarah and Jane Jones of Newark. It is their intention to build soon.

On next Monday evening the chorus will begin its rehearsals for the annual spring festival in Recital Hall, when all the old members are invited to be present. All others will see Mr. Judson in regard to joining.

MEDICAL SOCIETY

The Licking County Medical Society will meet in their room in the county building on Tuesday afternoon, at 2 o'clock. It is desired that there should be a full attendance. E. J. BARNES, Pres. C. P. KING, Sec.

Shrinkage on Assets. Chicago, Sept. 29.—Inspector Lucius Phouts, of the state insurance department, has finished his inspection of the books and accounts of the Western Life Indemnity company. In the investigation, Mr. Phouts discovered a shrinkage in the assets of the company from \$488,000 at the beginning of the year, to a present total of \$313,000. The explanation given by the officers of the company is that the difference represents the sums paid out for new business since January 1.

Thousands Have Kidney Trouble and Don't Know It.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours, a sediment or getting indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed that Dr. Kiefer's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and staiding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes. You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail. Address Dr. Kiefer & Co., Home of Swamp-Root, Co., Birmingham, N. Y. When writing mention reading this generous offer in this issue.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kiefer's Swamp-Root, and the address, Birmingham, N. Y., on every bottle.

ALPHA PI FRAT INCORPORATED

NEWARK HIGH SCHOOL BOYS ORGANIZE GRAND CHAPTER HERE.

Several Applications Have Already Been Received By The Local Officers Located In Lansing Block.

Newark is the home of a new High school fraternity known as the Alpha Pi fraternity, and the original organization of the Grand Chapter is composed of Newark High school students. This fraternity was formed here six months ago and it has grown to fifteen members, all well known and popular High school students.

Incorporation papers were taken out in Columbus Wednesday, the following young men being named as the incorporators: Joseph W. Hohl, Brown D. Shrader, William M. Young, Roy D. James, De Esta D. Hayes, and Walter H. Tyrer. All these are charter members and in addition the following men are named on the original charter: Fred Schonberg, Raymond Hohl, Carl Kuster, Carl Erman, Ray Patterson, Charles Mills, Frank Cole, Robert Brennan.

Applications have already been received from high schools at Sandusky, O. and Los Angeles, Cal. The fraternity has very pleasant rooms in the Lansing block, where the headquarters have been established. The room is comfortably furnished and a piano among other things helps to make the quarters pleasant.

A report was published last night about the incorporation papers being filed but the names were nearly all wrong and the above complete list is now published for the first time.

OHIO STATE THINKS DENISON IS LOADED

Editor of College Paper Make Comment On the Situation—Intimates That Ringers Are With Denison.

Editor Harshman of the Ohio State Lantern, makes some pointed comment upon one situation of the 'varsity football business, as follows:
"It seems that other colleges throughout the state have developed a process of 'loading' for all games scheduled with Ohio State. We have been facing this proposition good naturedly for several years and it is about time to take a few steps to eradicate the evil. We are sure to meet plenty of such situations this fall.
"For example, Denison authorities came forward last week joyfully breaking the news that they had just received their first consignment of men from the East. That sort of thing is taking place more or less in every camp in Ohio. Of course not all such arrivals are ineligible, but some of them are, and it is generally known, and has been each season.
"In the face of such a situation State has two alternatives. She can either depart into this field of athletic commercialism herself or firmly adhere to conference rules and require all opposing teams to do the same. That is certainly the better policy.
"Our own team is always carefully examined and even the slightest doubt retires any one from the game. Not so as regards opposing teams."

GOT HIS HAIR BACK.

Was Perfectly Bald When He Started to Use Newbro's Herpicide.
Frederick Mannell, Maryland, Block, Butte, Montana, bought a bottle of Newbro's Herpicide, April 6, '09, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 20 days he had hair all over his head. On July 2 he writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroying the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and finally baldness, so that with the cause gone the effect cannot remain. Stomachs falling hair at once and a new growth starts. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. C. T. Bricker, Special Agent.
